strategy for January and February. This is the year when an old or partly developed business idea should be redeveloped and activated!

Amazing results are possible. June and until December 2006 is your financial boon cycle, and your skills and vibrant personality will be much in demand.

Astral focus dates

January 30th-31st. The New Moon assists any activity to do with self-promotion.

August 1st-8th. Mercury direct will help you with better communication and organization at work.

October 7th. The new Moon brings all that you have done for the better part of 2006 into focus and allows you to see your full potential!

Taurus

Jupiter focuses on partnerships for Taurus in 2006 and asks you to really understand what relationship is all about. You should begin to foster a deeper appreciation of home, family and partnerships.

On all other levels and particularly with regards to career 2006 has great potential for you! Progress will be made and you will reap many benefits from just a modicum of work!

Astral focus dates

February 3rd. Venus goes direct again and things that have been stagnating for some time will get moving quickly.

July 11th. The Full Moon in Capricorn indicates travel and educational opportunities.

November 21st. 5 planets are conspiring to put partnership into high focus and you will need to make some long-term decisions.

Gemini

If you can embrace the changes that are thrown your way during 2006 you will have a successful and satisfying year. Travel could figure quite prominently on this list of change. Love interests can become more serious around the middle of September, Mercury in Scorpio can make for some intense emotionality, not usually your scene! . Work wise, a more public profile is likely after October 2006.

Astral focus dates

February 28th. This New Moon can bring a few surprises and plans will more than likely be changed.

October 28th-November 21st; The Mercury retrograde cycle that spans this period suggest you take better care of yourself or health will suffer.

December 1st- 5th: Venus, Jupiter and Sun activity are helping to build your public profile,

don't fight it!

Cancer

Your Cancer full Moon on January 14th has Venus and the Sun conjunct, signaling an ideal time for relationship matters. Jupiter is busy in your love and relationship sector all year and things should be looking up here! Biting through relationship obstacles seems to be the theme of much of 2006 for Cancerians! Seek a balance between love and respect and you will come out tops.

Astral focus dates

Virgo

The main areas of focus for 2006 for Virgo are Business and Romance. There is a lot of hard work in the first two months of the year and a sense of new directions and excitement thereafter! Any unresolved issues will be easily fixed this year. Once Venus moves out of Retrograde in February things begin to hot up romance wise. You are called upon to really address other people's needs this year.

Astral focus dates

April 27th: This new moon can signal a new and more positive phase for relationships.

May 27th: This New Moon can bring some unwanted opposition in its wake, be prepared!

September 16th: this is the beginning of a money making phase and should not be wasted! Get to work solidly.

Libra

Some important changes have been brewing throughout 2005 and they really get underway during 2006. April has many aspects focussing on your romance sector and some very deep and meaningful moments are likely. Other people's demands could seem unreasonable during 2006 and your challenge is to communicate this effectively. You need to reschedule in your favour, not everyone else's.

Astral focus dates

February 28th: If you are thinking of going on a health kick this is the perfect time to start as results will then be rewarding.

May 13th: The full Moon conjuncts Jupiter and some potential moneymaking venture is offered to you, go for it!

October 1st-7th: A very good week for both Business and Romance.

Scorpio

Saturn is in your career sector all year and spurs you on to achievement despite yourself! New work responsibilities are highly likely although you will want to avoid this! June, July and August are important months career wise and some redefining of goals will be necessary. When Mars and Jupiter get busy in Mid December you will start reaping rewards for the past few years of effort.

Astral focus dates

January 14th: Mercury and Jupiter together at the full Moon make for a sweet time where you can do no wrong! Others will love you today! Ask for just about anything and it will be yours!

June 1st-5th: finances can be problematical and maintaining a close eye on these things is advisable.

August 24th-31st: The New Moon coincides with a new solar cycle and opportunities abound if you are ready to take advantage of them.

Sagittarius

In November 2006 your Ruling Planet, Jupiter, returns to your sign. This activates a new energy of fresh starts and positive achievement. Anything you do prior to this is setting you up...you are encouraged to look within and see what it is you really want. Think again about your spiritual, creative journey and start to put these areas into focus again!

Astral focus dates

February 13th: One of the most pleasurable days of the year, try to arrange something special to do with this energy.

June 11th: The full Moon in Sagittarius brings an intense time. A Jupiter T-Square and a grand trine are both operative and both difficult and special happenings are possible.

June 26th-30th: The new Moon begins a cycle if a financial concern, but if you are wise now is the time to ask and receive help.
